

## **BIOGRAPHY**

### **Stephen Doherty**

Stephen M. Doherty is an Operations Manager Employed by Integument Technologies Inc. located in Tonawanda, N.Y. Duties include Facility maintenance, project management, scheduling, and customer relations. He has been employed with the company since May 2008. Since 1980, Doherty has worked as a Project Manager in the glazing and architectural metal industry overseeing large industrial and commercial construction projects. He has achieved successful projects at the Cleveland Browns Stadium, Cleveland Ohio, Dulles International Airport, Washington DC, NFTA Rapid Transit System, Buffalo, N.Y. to name a few. Graduating from Griffith Institute in Springville, N.Y. in 1978 to technical school certification for blueprint reading at Emerson High School Buffalo, N.Y, and computer networking at Icon Office Solutions Buffalo, N.Y. Doherty lives in the Town of Tonawanda, N.Y. with his wife and 2 sons. Special interests include guitar playing with friends in small clubs, home renovation projects, and sports with 2 sons. He hopes to achieve goals for Integument Technologies such as customer satisfaction, completing projects within successful budgets, and possible employment opportunities for Buffalo area residents
